

VOTE TO BURY THE LINE!

Fact: Until there is a General Election, we know the next Premier of Alberta will be Conservative...

You have the opportunity to elect the next Premier of Alberta by paying \$5 to join the Alberta P.C. Party and casting your vote. Unlike provincial general elections where the voter turnout is >1 million, leadership races are decided by perhaps as few as 70,000 party members. So your vote REALLY COUNTS!

Why Rick Orman?

- is the only candidate to strongly and unequivocally support burying new high voltage power lines in special circumstances when they run close to densely populated residential areas or schools
- will insist that any additional capital costs to bury lines is shared among Alberta ratepayers
- Rick Orman has cited the Heartland power line as being the best example of a line that must be buried close to densely populated residential areas and schools
