

Petition to the Legislative Assembly of Alberta

To the Legislative Assembly of Alberta, in Legislature Assembled:

We, the undersigned residents of Alberta, petition the Legislative Assembly to urge the Government of Alberta to ensure that: (1) the underground, not overhead, line option is used for the proposed 500 kV transmission line for the East Transmission Utility Corridor between the Eilerslie substation and Baseline Road; (2) the cost of the underground line is borne by the entire province of Alberta; and 3) all future 500 kV transmission lines located in densely populated areas be built using the underground line option.
